

Built On What Matters

October 2015

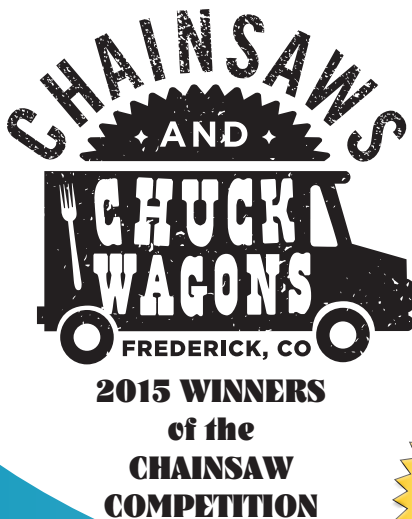

CALENDAR PHOTO CONTEST

Don't forget to submit the images that matter to you for the 2016 'Built on What Matters' Calendar contest by October 16th! Then make sure to vote for your favorite photo to win the People's Choice category October 19th through October 23rd on the Town's website gallery. You can submit your photos and find out more information about the contest online at www.frederickco.gov/calendarcontest.

WHAT'S DEVELOPING IN FREDERICK SERIES

Frederick's population has grown from 2,467 people in 2000 to an estimated 10,554 last year, an increase of about 328 percent – and it is not done growing by a longshot. Straddling the I-25 corridor just north of the rapidly developing Thornton/Westminster areas, Frederick finds

itself in a wave of northward growth, which will bring to the area big-box retail centers, office buildings, multi-family developments, recreational amenities and much more before all is said and done. According to growth projections, Frederick will have a population of around 75,000 residents in the next 20 to 30 years. The kinds of development happening today in Frederick vary from the construction of a new building for a small, local sheet metal company, to the drilling of oil and gas wells, and even the design of brand-new neighborhoods that will eventually be home to thousands more Frederick residents. Currently, there are 25 active projects, with more anticipated this year and early next year, and Town staff will be profiling at least one new project every month in this newsletter throughout the remainder of 2015 and into 2016. So stay tuned!

VOTER INFORMATION

The Board approved the Ballot Issue 2G on August 25, 2015. The election will be a mail ballot and will be conducted by the Weld County Clerk and Recorder's Office on November 2, 2015. Make sure you're registered to vote!

1. Register online at www.govotecolorado.com up until 8 days prior to the election.
2. Register at the Weld County Election Department located at 1401 N. 17th Avenue Greeley, Colorado through Election Day.
3. Register at a Voter Service Center and/or Polling Centers beginning on October 26, 2015 through Election Day

The nearest location for these centers are:
Southwest Weld County Services Complex
(Del Camino) 4209 Weld County Road 24 1/2

REBATES PROGRAM

On September 8th the Mayor and Board of Trustees approved a new program that will allow rebates for Frederick Power & Light customers that desire to cut their energy costs by using solar panels, replacing incandescent lighting with LED lighting, and replacing some of their old appliances with new Energy Star appliances. The rebate program will take effect October 12th and will be structured as follows. Solar Panel installation will include a rebate of \$.10 per rated DC rated watt with a maximum rebate being \$1000.00. After the solar panel system is up and running, a Frederick Power & Light customer who produces more energy from their system than they use in a monthly billing cycle will receive a credit of 0.06 per kwh produced. This credit will roll over every month, and at the end of each calendar year a check will be issued for the amount of credit that is still on the books. As for LED lighting, rebates of 50% of the cost of a replacement bulb up to \$10 per bulb will be given on up to 20 bulb

replacements per year. The lumen output on these LED bulbs should be greater than 300, and receipt or proof of purchase is needed from each

TOWN MEETINGS & EVENTS

- 10/5 - Arts Commission - 5 PM
- 10/6 - Planning Commission - 6:30 PM
- 10/7- Parks, Open Space & Trails - 7 PM
- 10/13 - Town Board Meeting - 7 PM
- 10/27 - Town Board Meeting - 7 PM
- 10/29 - Historic Preservation - 9 AM

The community garden located at Indian Peaks Medical Center on Hwy 52 is excited to have a new, permanent shade structure. The shelter provides a place for gardeners to relax, and a gathering space for the community. This venue was built with generous donations from Longmont United Hospital, Extraction Oil & Gas, The Town of Frederick, Frederick Power & Light, Carbon Valley Academy, Wallace Grant and Peter Powers. The Town of Frederick is fortunate to have these community investors and supporters. Thank you! For more information about the community garden, contact IndianPeaksCG@yahoo.com

bulb within 120 days of the purchase. This will be a great way to replace your incandescent lights with a longer lasting, energy efficient LED. Finally, Frederick Power & Light will also be giving rebates for replacement of your old appliances with new Energy Star appliances. The rebates are as follows: Refrigerator (must be 15 cubic feet or larger) \$50, Freezer (must be 15 cubic feet or larger) \$50, Washer \$50, Dishwasher \$25, Central Air Conditioner (3 ton or larger) \$150, Central Air Conditioner (2-3 ton unit) \$100, Geothermal Heat Pump \$200 per ton with a maximum of \$1200 rebate, Geothermal Heat Pump Water Heater \$150, and Recycling Credit for certified disposal of your Refrigerator or Freezer \$50. Receipt or proof of purchase is needed from each appliance within 30 days of purchase.

The Arts Commission has partnered with artist C.J. Rensch of CJR Designs to obtain "Caught Up" on loan from the artist for one year. The sculpture (pictured to the right) has been placed in the roundabout on Aggregate Blvd (CR 7) in the Wyndham Hill neighborhood. This is the first art piece that has been placed west of I-25.
